RACERS THAT WIN

Since our humble beginnings Renegade Performance Fuels and Lubricants has always been known for our winning performance, excellent customer service and exceptional value. Now as a Global leader in performance fuels and lubricants, Renegade holds true to those same values today. While we do support professional level motorsports, our emphasis has always been and will continue to be on the sportsman level enthusiast. From our policy of "No Corporate Fuel Mandates", our 24hr. Customer Service Guarantee and our in-house Contingency Program that is open to all racers, to our Renegade Reach Community Outreach Program, we remain focused on you... the Racer.

Renegade Performance Fuels and Lubricants are American Made in house at our state-of-the-art blending plant located in Owensboro, KY and our distribution facility in Bowling Green, KY. Just as Kentucky is known for world class Bourbon, Renegade takes the same approach with world class blends that are crafted by hand and made with heart! These proprietary blends produce race and performance fuels that "Burn Cooler, Burn Cleaner and Burn More Consistent" than other fuels on the market. This is not just a claim we make, but it is testimony from our customers, and backed up by our racers who continue to win National and World Championships year after year. That's why they say...

**"RACERS
THAT WIN...
POUR IT IN!"**[®]

TRACK 110

When you need power and consistency in the 110 octane range, nothing outperforms Renegade Track 110! Track 110 is the little brother to the renowned Pro Series racing fuels and contains the same fast burn technology. Designed for normally aspirated engines with compression ratios up to 12.5:1, Track 110 is perfect for drags, oval track, or off road powersports applications.

TRACK 110 (Leaded)

Octane-R+M/2	110
Motor Octane	105
Research Octane	116
Specific Gravity	.721
RVP	5.8
Oxygenated	No
Color	Dark Purple
Stoich Ratio	14.94:1

PRO 110+

This is the formulation that started it all! The most versatile leaded race fuel in our product line for a drag racers, weekend warriors, stock car racers, and powersports competitors. It burns cooler and cleaner and has more octane than other 110 products on the market. Designed to provide protection for compression configurations up to 14.5:1 at 8,500 rpm.

PRO 110+ (Leaded)

Octane-R+M/2	111
Motor Octane	108
Research Octane	113
Specific Gravity	.718
RVP	5
Oxygenated	No
Color	Purple
Stoich Ratio	14.95:1

PRO 112+

Designed for engines that require a little more octane than a 110 race fuel. It is a leaded, ethanol free high octane race fuel that is more than just a pretty dye package. Pro 112+ is real octane for serious racers. Provides protection for up to 15:1 compression at 8,500 rpm.

PRO 112+ (Leaded)

Octane-R+M/2	112.5
Motor Octane	109
Research Octane	116
Specific Gravity	.711
RVP	4.5
Oxygenated	No
Color	Blue
Stoich Ratio	14.96:1

PRO 114+

A true high performance fuel for high compression race engines that need consistency and reliability, with octane you can count on. Provides protection for compression configurations up to 15:1 at 9,000 rpm.

PRO 114+ (Leaded)

Octane-R+M/2	115
Motor Octane	111
Research Octane	119
Specific Gravity	.708
RVP	4.45
Oxygenated	No
Color	Green
Stoich Ratio	14.97:1

PRO 116+

For serious drag racers with high compression engines that need to protect their investment while being deadly consistent. Provides protection for nitrous and non-nitrous configurations up to 16:1 at 9,500 rpm.

PRO 116+ (Leaded)

Octane-R+M/2	117
Motor Octane	114
Research Octane	120
Specific Gravity	.705
RVP	4.25
Oxygenated	No
Color	Red
Stoich Ratio	14.99:1

PRO 120+

A specifically designed light fuel which provides better vaporization, faster flame speeds and greater intake cooling effects. A great choice for Top Sportsman, Pro Mod, Turbo, or Blower applications. Pro 120+ provides added protection for super exotic applications with 16:1 compression or higher at 10,000 rpm. *Has tested as high as 120 MON.

PRO 120+ (Leaded)

Octane-R+M/2	120
Motor Octane	117*
Research Octane	123
Specific Gravity	.702
RVP	4.15
Oxygenated	No
Color	Rose
Stoich Ratio	15.0:1

PRO 120+ NITROUS

The older brother of our 120+ fuel, this fuel has our proprietary additive package to help lubricate the valves and cylinders for nitrous applications, while helping to prevent nitrous implosions. *Has tested as high as 120 MON

PRO 120+ NITROUS (Leaded)

Octane-R+M/2	120
Motor Octane	117*
Research Octane	123
Specific Gravity	.706
RVP	4.35
Oxygenated	No
Color	Orange
Stoich Ratio	15.0:1

PRO NITROUS EXTREME

The latest nitrous-specific formulation to come out of the Renegade labs. Pro Nitrous Extreme is for racers who want to increase spray volume without the worry of detonation issues occurring during the release of nitrous oxide. Pro Nitrous Extreme provides protection for race engines with compression ratios of 16:1 and up, while spraying extraordinary amounts of nitrous. (This fuel is non-oxygenated)

PRO NITROUS EXTREME (Leaded)

Octane-R+M/2	123
Motor Octane	123
Research Octane	123
Specific Gravity	.710
RVP	3.9
Oxygenated	No
Color	Pink
Stoich Ratio	15.0:1

PRO CRATE 98

A non-oxygenated, ethanol free fuel designed for crate motors which provides more power and a smoother torque curve and also helps engines live longer with our proprietary "lubricity pack." This formulation provides protection for compression configurations up to 11:1 at 8,500 rpm.

PRO CRATE 98 (Leaded)

Octane-R+M/2	98.5
Motor Octane	94
Research Octane	103
Specific Gravity	.716
RVP	6.2
Oxygenated	No
Color	Olive
Stoich Ratio	14.83:1

PRO SUPER LATE MODEL

If you run a Super Late Model, this fuel is the best pound for pound choice to help you win your weekend race events. This fuel burns super cool, clean and consistent resulting in new-found power. This formulation is developed for late model applications with compression ratios of 15.5:1 and rpm's approaching 10,000.

PRO SUPER LATE MODEL (Leaded)

Octane-R+M/2	116
Motor Octane	113
Research Octane	119
Specific Gravity	.724
RVP	6.5
Oxygenated	No
Color	Light Pink
Stoich Ratio	14.83:1

PRO R11+

When you are looking for faster acceleration and increased torque without extremely high octane, Renegade R11+ is for you. R11+ is an excellent fast burning fuel for NHRA Stock Eliminator engines and makes more torque and horsepower than comparable fuels in this segment. Recommended for compression ratios up to 12:1.

PRO R11+ (Leaded)

Octane-R+M/2	108.5
Motor Octane	105
Research Octane	112
Specific Gravity	.688
RVP	8.82
Oxygenated	No
Color	Red
Stoich Ratio	15.0:1

PRO R25+

Developed for NHRA Stock and Super Stock applications where a heads up performance advantage is needed, Pro R25+ outperforms the competition. Pro R25+ provides the same power advantage in many other applications including snowmobiles and other powersports vehicles. Pro R25+ will provide significant increases in torque and horsepower and is good for compression ratios up to 15:1.

PRO R25+ (Leaded)

Octane-R+M/2	116
Motor Octane	114
Research Octane	118
Specific Gravity	.681
RVP	8.35
Oxygenated	No
Color	Blue
Stoich Ratio	15.07:1

HR P97

HR P97 : Renegade HR P97 is an ethanol-free unleaded race, powersports, small engine fuel that also makes a great long term storage fuel. HR P97 will not gum up carbs or injectors after sitting for long periods like pump gas does. Renegade HR P97 is the perfect choice for classic cars, motorcycles or exotic cars needing a 97 octane ethanol free fuel.

HR P97 (Unleaded)	
Octane-R+M/2	97
Motor Octane	94
Research Octane	101
Specific Gravity	.726
RVP	4
Oxygenated	No
Color	Clear
Stoich Ratio	14.57:1

HR 102

HR 102 : A high octane unleaded fuel designed for many uses from modern street applications, 4-cylinder import turbos to classic V8's and powersport markets. Whether it's your hot rod, boat, motorcycle, jet ski, ATV or snowmobile, you will never find an unleaded that burns like this. Formulated to help protect compression configurations up to 11:1 at 7,500 rpm

HR 102 (Unleaded)	
Octane-R+M/2	102
Motor Octane	99
Research Octane	105
Specific Gravity	.720
RVP	5.6
Oxygenated	No
Color	Aqua
Stoich Ratio	14.79:1

HR 100XP+

HR100XP+ : Is a high octane, oxygenated, unleaded CARB compliant fuel designed to unleash the power of your street legal performance machine. Renegade HR 100XP+ will not harm catalytic converters or oxygen sensors making it the perfect fuel for late model street legal performance vehicles ranging from turbocharged sport cars to normally aspirated muscle cars and high performance sports bikes.

HR 100XP+ (Unleaded)	
Octane-R+M/2	100.5
Motor Octane	95
Research Octane	106
Specific Gravity	.718
RVP	5.2
Oxygenated	3.50%
Color	Blue
Stoich Ratio	14.0:1

HR 104XP+

HR 104xp+ : For those racers who need a high octane, oxygenated, unleaded race fuel, HR 104XP+ is the answer. HR 104XP+ is formulated to increase throttle response and overall power and runs cooler than premium pump gas due to it's oxygenated formulation.

HR 104XP+ (Unleaded)	
Octane-R+M/2	104
Motor Octane	91.6
Research Octane	109
Specific Gravity	.752
RVP	5.95
Oxygenated	4.80%
Color	Light Blue
Stoich Ratio	13.87:1

HR 93

HR 93 : A 93 octane, ethanol free high performance fuel that will give your classic muscle car, ATV, motorcycle, jet ski, boat, or snow machine the performance it was designed to deliver. Since HR 93 is ethanol free, there is no risk to fuel system components and it is not susceptible to phase separation, moisture, poor stability or the formulation of carbon deposits. Hard starts and vapor lock are virtually eliminated.

HR 93 (Unleaded)	
Octane-R+M/2	93
Motor Octane	89
Research Octane	97
Specific Gravity	.722
RVP	6.19
Oxygenated	No
Color	Red
Stoich Ratio	14.57:1

PRO E85

PRO E85 (UNLEADED) : Renegade Pro E85 is a premium quality racing grade ethanol product. Renegade Pro E85 is not blended with pump gas, it is made with premium race grade components and premium grade ethanol which produces high quality, consistent blend racing fuels that eliminates the need for testing and changing tune-ups.

PRO E85 (Unleaded)

Octane-R+M/2	100.1
Motor Octane	91.6
Research Octane	108.6
Specific Gravity	.778
RVP	3.72
Oxygenated	No
Color	Orange
Stoich Ratio	9.91:1

PRO E98

PRO E98 (UNLEADED) : When you need the added benefits of a higher percentage of ethanol than E85 provides, Renegade Pro E98 is just what you are looking for. Formulated with 98% race grade ethanol and 2% of a premium hydrocarbon component, you will get the extra cooling and high octane value that Ethanol provides. The consistency and performance of Pro E98 will allow you to crank up the power and take advantage of all the performance your engine can deliver.

PRO E98 (Unleaded)

Octane-R+M/2	99
Motor Octane	91
Research Octane	107
Specific Gravity	.792
RVP	2.92
Oxygenated	No
Color	Turquoise
Stoich Ratio	9.12:1

PRO E112

PRO E112 (LEADED) : Renegade Pro E112 is our leaded version of E85 and is a high octane, premium quality racing grade ethanol product for those high powered and/or boosted applications requiring more octane than E85. The tune is still an E85 tune, but you will be able to apply obscene amounts of power to it.

PRO E112 (Leaded)

Motor Octane	117
Research Octane	119
Specific Gravity	.780
RVP	3.7
Oxygenated	No
Color	Gold
Stoich Ratio	9.89:1

PRO MENTHOL

RENEAGDE PRO METHANOL : Renegade Pro Methanol is the high quality racing that menthanol that “Big Money Competitors” count on to win. With our proprietary drying system, Pro Menthanol virtually eliminates those “white worms” and fuel system contaminants.

RM 98

A true 98 octane unleaded, slightly oxygenated fuel that gives you excellent results when an increase in performance is desired. RATMAN 98 is a versatile performance fuel excellent for a variety of racing applications and ideal for exotics and track-day cars.

RM 98 (Unleaded)	
Octane-R+M/2	98
Motor Octane	97
Research Octane	99
Specific Gravity	.716
RVP	6
Oxygenated	2%
Color	Clear
Stoich Ratio	14.67:1

RM 109

RATMAN 109 is an oxygen rich, high octane unleaded fuel designed specifically for today's high revving engines that need to run a true unleaded fuel. It is devoid of compounds that are known to be harmful to catalytic converters or oxygen sensors. RATMAN 109 is a high-density blend that enhances performance in forced induction applications.

RM 109 (Unleaded)

Oxygenated	5%
Color	Light Rose
Stoich Ratio	14.34:1

RM K-13

RATMAN K-13 is a fuel that utilizes OMW Technology and surpasses all 108 -109 motor octane fuels by including added protection for race engines up to 14.5:1 compression. This proprietary formulation creates a spiraling effect during combustion for maximum release of the fuel's energy, resulting in increased performance and consistency.
(Note: May require an increase in fuel volume.)

RM K-13 (Leaded)

Oxygenated	5%
Color	Yellow
Stoich Ratio	14.18:1

RM CRATE ELITE

The ultimate in crate motor race fuels for limited late model racing when compromise is not an option. RATMAN Crate Elite delivers the most power you can get from a fuel that releases maximum quantum power during combustion. If you've got high compression upwards of 13:1, this fuel will help you go to the front without the harmful detonation.

RM Crate Elite (Leaded)

RM DIESEL ELITE

RATMAN Diesel Elite is a high performance racing diesel fuel that produces more torque and horsepower than all others in testing. Whether you have 400hp or 2100hp, RM Diesel Elite will provide significant increases in power and increases engine acceleration ultimately spooling the turbo faster. From tractor pulling to drag racing, RM Diesel Elite will give your diesel engine a performance edge on the competition.

RM DIESEL ELITE

TYPICAL CETANE VALUE

RM JUICE BOOST

Renegade RATMAN Boost Juice is a high performance octane enhancing product that will allow your performance engine to unleash its full potential. Using the same technology as our High Performance racing fuels, RATMAN Boost Juice not only provides the octane needed, it provides combustion enhancing chemistry along with fuel systems cleaners that ensures your engine runs cooler, cleaner and more consistent. RATMAN Boost Juice is O2 sensor safe and will not harm catalytic converters. Whether you need to wind up the RPM's or crank up the boost, RATMAN Boost Juice has you covered.

RM JUICE DIESEL

Renegade RATMAN The Juice Diesel Cetane + Power is a concentrated formula that increases both torque and horsepower of your diesel engine allowing you to take full advantage of your tuner potential. RATMAN The Juice Diesel not only significantly increases the Cetane value of your fuel, its oxygenated formulation allows for a more complete combustion giving you more power from every stroke. RATMAN The Juice Diesel also provides much needed lubricity to protect your injectors and pumps from scarring which is even more critical with today's ultra low sulfur fuels. RATMAN The Juice Diesel also contains fuel system cleaning additives to keep the injectors flowing at their maximum capacity, allowing you to take full advantage of the power potential of your diesel engine. RATMAN The Juice Diesel can be used in your daily driver or your high performance powerhouse.

RM HOG JUICE

RATMAN The Juice aka Hog Juice - is a high-performance fuel additive that will boost the performance of any pump gas. Not only will it increase octane and power, RATMAN The Juice aka Hog Juice will help your engine run cooler and cleaner while giving you all the detonation protection you need on those hot days. Whether you wind up the RPM's or just sit back and cruise, RATMAN The Juice aka Hog Juice provides the protection you need.

FUEL FRAGRANCE

No more stinky fuel odors! Formulated for high performance fuels applications, our fuel scents are available in a variety of popular flavors. In addition to a great smell, they feature a synthetic ashless formulation designed to prevent gum build up.

AVAILABLE SCENTS : Gondo Grapeberry, Smooth Cherry Creme, Spank Um Berry

SX2

Renegade SX2 is an oxygen-rich leaded formulation made specifically for two stroke motocross applications. SX2 is not simply a base fuel with oxygen added like other fuels on the market. SX2 is a two stroke-specific performance formulation that is a result of rigorous research and development. SX2 delivers un-matched power and throttle response with remarkable stability under a wide range of air density and temperature conditions.

SX2 (Leaded)

MX4

Renegade MX4 is a popular choice among weekend warriors and competitive racers as it combines superior performance with a great price. This high-performance four-stroke-specific fuel has many of the same technologies as our popular SX4+ fuel and is also used by many top AMA Supercross teams. In most cases MX4 does not require jetting or fuel mapping changes when transitioning from pump fuel applications. Rigorous testing has shown up to 4-5 Percent gains in power over popular comparable fuels on the market, and our exclusive additive package inhibits dreaded gumming and performance-robbing deposits.

MX4 (Unleaded)

SX4

Renegade SX4 is our best four-stroke fuel for mortal budgets. SX4 is specifically designed for today's sophisticated, high-revving single and multi-cylinder four-stroke engines. Formulated with today's most advanced, fast burning blend components and high quality oxygenates, SX4's real-world performance reviews speak for themselves. Extensive testing enabled us to create a fuel that not only makes huge power on the dyno, but also delivers incredible performance on the track where it counts. SX4 simply delivers better throttle response, while a blend of proprietary additives inhibits gumming and swelling of rubber components. SX4 works great in today's modern sport bikes and has shown up to a 6% power increases over comparable fuels on the market.

SX4 (Unleaded)

Stoich Ratio	13.89:1

SX4+

Renegade SX4+ is a leading edge, four-stroke powersports race fuel for those who spare no expense when it comes to making power and need to coax the absolute most performance out of their race engines. It is the choice of top engine builders and AMA Supercross, motocross and road racing teams across the country. This revolutionary formulation is comprised of the most exotic fuel ingredients on the planet and seves up nothing short of the best Powersports race fuel performance available in an AMA legal formula. SX4+ not only makes obscene power but it's also incredibly stable in high heat conditions. SX4+, when nothing but the best will do for you.

RM BUSHWHACKER JUICE

RENEGADE RATMAN BUSHWHACKER JUICE premix fuel is a specialty fuel developed with the lawn care industry in mind. This premixed product is not only an affordable premix fuel, but also offers quality that can't be found at the pump. Use of this product will reduce maintenance cost and increase time in service of all of the 2 stroke power equipment it is used in. RATMAN BUSHWHACKER JUICE utilizes race fuel technology along with premium HP synthetic 2 stroke oil to give your power equipment a performance edge.

RENEGADE RACING LUBRICANTS

Renegade Racing Lubricants are specifically designed to lubricate competition engines running alcohol or high octane race fuels. "The Oil of Champions!" **Renegade Racing Lubricants Pro Series Racing Oils** are formulated with naturally high viscosity index base oils and contain a balanced ZDDP package, a tough detergent-dispersant package, an anti-foam system along with anti-oxidant additives which result in a high performance protection package that provides winning results.
NOT SUITABLE FOR VEHICLES WITH CATALYTIC CONVERTERS.

Renegade Racing Lubricants provides:

- 3000 PPM "BALANCED ZDDP" additive for strong anti-wear protection
- Outstanding anti-foam system
- Excellent oxidation and sheer stability characteristics
- Exceptional high temperature protection
- Alcohol compatibility

RENEGADE UPPER TOP LUBE

This high performance racing methanol/nitro lube is uniquely formulated using a synthetic ashless formula to greatly decrease deposits.

16 oz Part #: 877-3359

Renegade Top Lube provides :

- Top end lube
- Exceptional lubrication
- Lubricates cylinder walls during combustion
- Ashless formula-leaves no deposits and burns clean
- Improves horsepower and torque
- Highly concentrated
- Eliminates fuel wash-down

RATMAN HP ENGINE TREATMENT

RATMAN HP Engine Treatment improves most all-fundamental operating efficiencies of an internal combustion engine. Dyno tested and proven to increase horsepower and torque, on average 1 to 2 points. The RATMAN HP Engine Treatment physically impregnates and becomes a part of the metal without affecting clearances in the engine to reduce heat, friction, and wear.

16oz Part # : 444-2343

64 oz Part # : 885-8079

**"RACERS THAT
WIN...
POUR IT IN!"**

RENEGADE PRO SERIES RACING OILS

With an original focus on racing engines, Renegade designed an oil with superior protection for the demands of high-stressed, high performance engines. Changes in the industry have created the need for Renegade oils outside the racing or high-performance arena. "Street" oils that are readily available today do not provide the necessary lubrication needed for flat-tappet camshafts. So, whether you have a race car, street rod or even an old gas-burning tractor, Renegade oils provide the ultimate protection your engine requires. Renegade oils contain the highest level of ZDDP found in the marketplace today and therefore do not carry an API symbol and are not recommended for engines using catalytic converters. Renegade Racing Oils are formulated with a proprietary blend of Group 2 and Group 3 base stocks which include a "Balanced" ZDDP package including detergents-dispersants, anti-foaming and anti-oxidants agents to give your engine the protection it needs week in and week out. Used by many of the most prestigious engine builders worldwide.

FULL STRENGTH - FS1

RATMAN Pro Traction Compound by Renegade FS1 is a concentrate traction compound designed to be cute (diluted) with methanol or Isopropyl Alcohol. With Renegades proprietary formula and special mixture of products. You will find that not only you get the sticky track, but you get track that bonds the rubber to track surface whether it is asphalt or concrete. With the super high powered vehicles racing now days you need a product that can resist the sheer that pulls rubber from the surface. FS1 has the sticky that you need, but also has the adhesion that is needed to create a super-fast surface.

READY TO USE - RTU

RATMAN Pro Traction Compound by Renegade RTU1 is a ready to use traction compound. Like the FS1, the RTU1 has the proprietary formula and mixture of products, but with the convenience of not having to mix with methanol or IPA. RTU1 will handle the widest track temperature range of any other Ready to Use traction compound on the market.

ENVIRONMENTALLY FRIENDLY - ECO1

RATMAN Pro Traction Compound by Renegade ECO1 is an environmentally friendly version of the RTU1.

RATMAN PRO GRIP DUST

RATMAN Pro Grip Dust is a powder rosin used to help bond rubber to bare concrete or asphalt. Pro grip dust is a more versatile rosin then the Gold Dust people have used before. With it's multistage rosin helps bond better to the track surafec and rubber. This will create a super strong base to any start line. Use the Pro Grip Dust to fill in start line bald spots fast.

RATMAN PRO GRIP LIQUID

RATMAN Pro Grip Liquid is a liquid formula of the Pro grip dust to also help bond rubber to bare concrete or asphalt. It is also very quick way to fix bald spots on the start line.

RATMAN TRACK BLACKNESS

RATMAN Track Blackness is a great way to make the track surface look like it is new. It also is a great way to seal in the track surface, so the wether has less effect on the asphalt or concrete.

RATMAN DIRT TRACK PREP

RATMAN Dirt Track Prep is used on dirt race tracks. 5 gallons will treat 1500 to 2000 gallons of water. When adding RATMAN dirt prep to you water truck and sprayed on the track will help hold and draw in moisture to the dirt for better work ability and less dust during the races.

THE BOSS

If your track/series allows tire prepping, THE BOSS is an excellent choice. Unlike the toxic treatments on the market, THE BOSS, along with its family of complimentary products, is designed to be environmentally safe, non-toxic, with virtually no odor. THE BOSS is primarily used as an outside prep and is heavily concentrated, though it can also be used as an inside prep if it is rolled or painted on with a brush. THE BOSS works as a super concentrated elastomer. It restores, adds new life, and gives excellent bite and grip. It also allows your tires to last longer and work better. It is not a tire softener and does not degrade the rubber as other treatments do. On average, THE BOSS alters Durometer ratings 2-4 points. This is only an average, as every tire is different and every compound is different. **72 oz Part # : 835-7653**

THE HOSS

When time does not allow for treating the tires with THE BOSS, then THE HOSS is your answer. THE HOSS is specifically designed to flash and penetrate quickly allowing for treatment the day before the race. Hoss also works well on GO-Kart tires as well as rolls easily on the inside of large tires allowing the sidewall to flex and perform better. **72 oz Part # : 885-8585**

RATSTRIP

Unlike the toxic tire prep treatments on the market, RATSTRIP product is environmentally safe, non-toxic, with virtually no odor. RATSTRIP removes the mold release agents from new tires, cleans foreign material off used tires and opens the pores of the tire to better accept tire prep. **32 oz Part # : 888-6732**

RATMAN SPEED WAX

Spray it on, wipe it off. Yes, it's that easy. Great for your race car, hauler and your personal vehicle. RATMAN SPEED WAX safely removes dirt, grime, dust, smudges and fingerprints in between washings and produces a deep finish glaze. Leaves no white residue on plastic or trim. Safe for wraps. Makes paint come alive and gives a deep wet look. Protection lasts for weeks. Wax the entire car in minutes, it's that easy.

Part #888-3036 16.5oz

RATMAN SPEED GLASS

Professional Glass Cleaner RATMAN SPEED GLASS is a premium product designed for the discriminating auto enthusiast. Foam it on, wipe it dry. It is a non-ammoniated formula that leaves all your glass clean, streak free and fresh smelling. RATMAN SPEED GLASS is the choice of detailing professionals every where.

Part #333-4331 19oz

RATMAN SPEED SHINE

For tires that shine, the number 1 choice of hardcore performance enthusiasts. RENEGADE RATMAN SPEED SHINE is a premium tire shine product that keeps your tires looking like new. RATMAN SPEED SHINE's one step process coats the tire, quickly penetrates, lifts and releases dirt and road grime leaving behind a rich, dark shine while protecting your tires from harmful UV rays. RENEGADE RATMAN SPEED SHINE has a narrow foam spray design making it perfect for low profile tires as well. Simply spray it on and walk away! RENEGADE RATMAN SPEED SHINE - High performance detail, when detail matters! **Part #333-4375 14.5oz**

RATMAN SPEED CLEAN

Dry Foam Carpet & Upholstery Cleaner RATMAN SPEED CLEAN uses its proprietary cleaning formula to safely lift out dirt and remove stains without damaging your carpet, cloth, velour, or other similar, materials. RATMAN SPEED CLEAN's thick and foamy formula is fast and easy to use and does not soak into the fabric, leaving your carpet and upholstery clean and dry. If you want professional results, you have to use professional products. **Part #333-4342 18oz**

RATMAN SPEED SHIELD

Vinyl/plastic surface restorer RENEGADE RATMAN SPEED SHIELD is specially formulated to restore and protect all of your plastic and vinyl surfaces inside and outside of your vehicle. It's great for under hood components, fender flares, moldings, ATV and off road plastics as well as those delicate interior trim pieces. With its pleasant watermelon fragrance and proprietary silicone based formula, it leaves surfaces looking brand new and ready for show. RENEGADE RATMAN SPEED SHIELD - High Performance detail, when detail matters! **Part #333-4386 12oz**

RATMAN SPEED ALLURE

RENEGADE RATMAN SPEED ALLURE is not your typical leather cleaning product. It is specifically design to not only cleans and renews, but to reduce soiling of your leather interior components. RATMAN SPEED ALLURE is silicone free and safe on all non-suede leather surfaces. It will clean and condition the leather giving it that original new leather look and smell. RENEGADE RATMAN SPEED ALLURE - High Performance detail, when detail matters! **Part #333-4364 15oz**

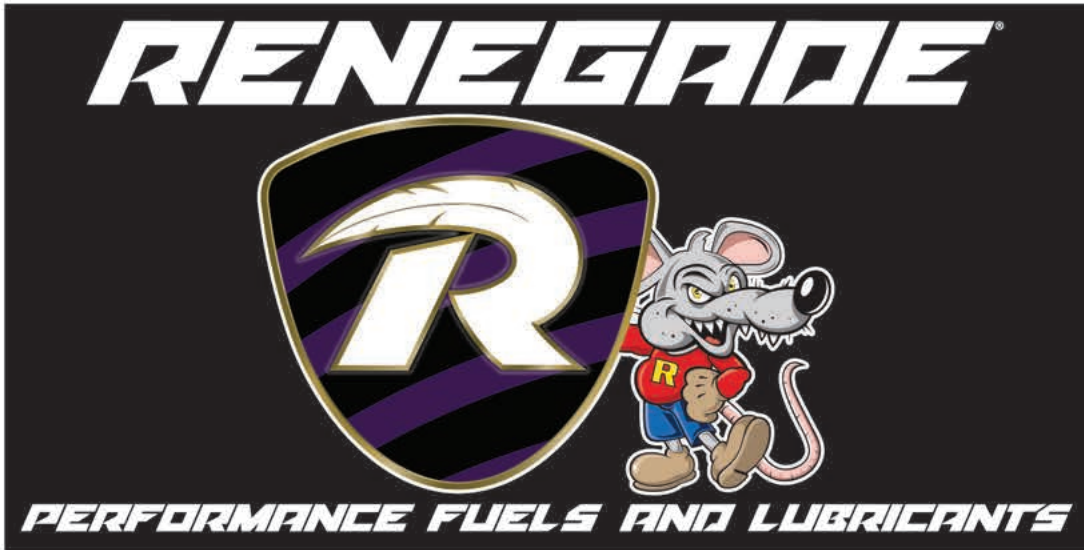

RATMAN SPEED FOAM

Heavy Duty Foaming Cleaner/Degreaser RATMAN SPEED FOAM is a professional grade all purpose cleaner degreaser for automotive enthusiasts and professionals alike. It's fast acting clinging foam lifts away dirt & grime easily from all washable surfaces, keeping them like new. From black streaks on your trailer to tire rubs on your wrap, simply spray on and then wipe or rinse off, it's just that easy. **Part #333-4353 18oz**
